

Mini UPS Introduction:

Mini UPS Introduction:

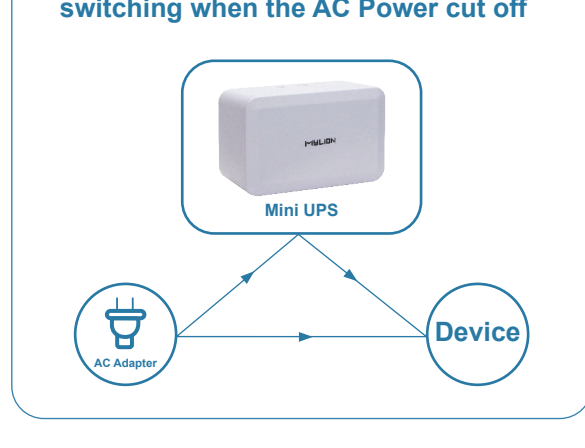

Mylion Mini UPS is an Uninterruptible Power Supply which can be used as a standby energy back-up to power your device during a power outage.

Mini UPS automatically switch the AC to mini ups power for electrical device when the AC power outage. Automatically charge the ups battery and power to the electrical device at the same time when the AC Power switch on.

The system has certified lithium ion battery, steady circuit performance and anti-fire plastic casing. Safety is important for us.

Let your electric device never stop at anytime and anywhere.

Automatic uninterrupted power supply switching when the AC Power cut off

Mini UPS Introduction:

Mini UPS application:

Smart 12V mini dc ups widely used for WiFi Router, Modem, CPE, ONT, ONU, ISP, CCTV Camera, IP Camera, Monitor, Vending Machine, Medical CPAP, Fingerprint, Facial Recognition Access Control Device, Door Access, Street Lighting, Smart Home Monitor, Fire Safety System, Security Monitoring System, Alarm System, Personal Communication Systems, Radio, Digital Cameras, Camcorders, Video Camera, Bluetooth Devices, CD players, MD players, Portable DVD, MP3 players, Smart Cards etc.

Widely Application

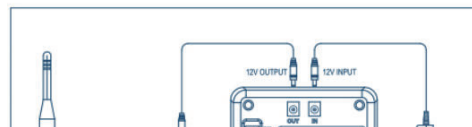

Mylion MU68

How to use the mini dc ups?

1. Connect mini dc ups and electric device.
2. Put the mini dc ups Switch to ON, the "Work" led become red, electric device start work.
3. Connect mini dc ups and matched adaptor.
4. Connect adaptor and AC Power, the "Work" led become to green, the "Charge" led become blue, the AC adaptor offer power to mini dc ups and electric device at the same time. The "Charge" led become green when it is full charged.

How to use it

Mylion MU68

Front side:

Show MYLION logo on the casing, simple and fashion

Back side:

Switch: ON/OFF
Output port: Yellow dc:5.5x2.5 Input: Black dc:5.5x2.1
Transfer cable: one end is yellow dc:5.5x2.5, the other end is black dc:5.5x2.1, avoid people connect the wrong port

Bottom side:

Hanging hole: there are two hanging hole, you can fix the mini dc ups on the wall or ceiling, help you fix the mini dc ups easily and conveniently.

Non-slip mat: there are 4black non-slip mat, you can put the mini dc ups firmly on the desk, be safe and good look

Top side:

Work led
Charge led
Show you the different condition of the mini dc ups, when the AC Power blackout, the "Work" led become red, the red light is also a warning light, when you saw the red light, that's mean the AC Power blackout.

Transfer Cable:

Standard Free
Yellow: DC5.5x2.5 Black: DC:5.5x2.1

Product Details

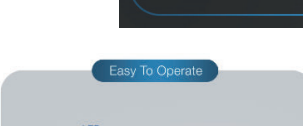

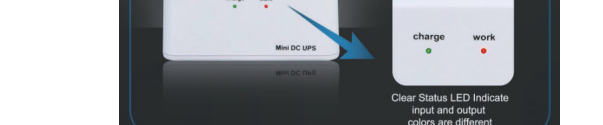

Mylion MU68 Feature and Advantage

MU68 Feature:

1. Smart: constant voltage, automatic shift
2. Small: as small as the powerbank, typical type MU68 only 405g, easy be fix on the wall or ceiling, or put on the table.
3. Safe: Anti-fire ABS plastic case, certified battery and circuit. over charge/discharge, over current, short circuit, temperature protection.
4. Elegant outlook design
5. Temperature protection

Mylion MU68 Feature and Advantage

MU68 Advantage:

1. Long stand-by time: MU68 12V 2A 44.4Wh can offer power 12V 0.5A(6w): approx 8hours
2. Constant output voltage: keep the constant output voltage even the battery power is low, make sure the electric device's working voltage keep the same.
3. CE, CB, IEC62133, RoHS, UN38.3, MSDS, FCC Certificate. 100% inspection before send.
4. Anti-skid.

Mylion Mini UPS Advantage

Mylion MU68 Benefit and Certifications

MU68 Benefit:

1. Smart protection: temperature, over charge & discharge, over current, short circuit
2. Fantastic design, make it be a fashion outlook
3. Automatic shift, convenient in daily life
4. Widely application, offer client good market
5. Offer free transfer cable

MU68 Certifications:

1. CE, CB, IEC62133, RoHS, UN38.3, MSDS, FCC Certification for the whole unit
2. Use certified battery for the Mini DC UPS
3. 100% quality inspection.
4. Can offer CE, CB, IEC62133, RoHS, UN38.3, MSDS, FCC Certificate, Anti-fire ABS, Anti-skid testing video. UPS production process video
5. Customer reputation

Mini dc ups package:

Elegant white paper box contain the mini dc ups kit Show the mini dc ups type name, connect instruction picture on the box, make everything be simple and easy.

What's in the box?

- 1x mini dc ups
- 1x transfer cable
- 1x user manual

Mylion MU68 Quotation and Quick Spec.

MU68W HS Code:8504402000

12V3A 44.4Wh 12000mAh lithium battery backup
Discharge/Work: 12V constant 2.5A Max Continuous, Impulse 3A at short time
Charge: 12V AC Adaptor 3A Max
Switch ON/OFF
Input port: DC: 5.5x2.1 black
Output port: DC: 5.5x2.5 yellow
Backup time: offer power to 12V0.5A Router work about 8-9hours
Protection: Temperature protection, Over charge & discharge, over current, short circuit
Case dimension: L112xW70xH60mm
Case function: anfi-fire ABS
Weight: about 405g
Certification: CE, CB, IEC62133, RoHS, UN38.3, MSDS, FCC
Package: 20pcs/carton for Ocean delivery, 18pcs/carton for Air and Express delivery
Gross weight: 10.5kgs/carton for 20pcs, 9.5kgs/carton for 18pcs
Carton dimension (35X21X30cm)
